November 10, 2010

RE: North American Filtration, Inc. - Chemtrac Systems, Inc.

We are pleased to announce that effective November 10, 2010, Chemtrac Inc., a division of North American Filtration, has purchased certain operating assets of Chemtrac Systems, Inc., of Norcross, GA.

Since 1985 Chemtrac Systems, Inc. has supplied superior monitoring and control instrumentation to the municipal water and wastewater, pulp/paper and power generation industries.

North American Filtration, Inc. is an international provider of a wide variety of products for use in filtration, liquid-solid separations as well as water and wastewater treatment systems. Chemtrac Inc. joins four other operating companies including LEEM/LLS, Ramsey, NJ, Mass Transfer Systems, Walpole, MA, MerMade Filter, Denmark, SC and Sanborn Technologies, Walpole, MA. These operating companies offer over 25 years of experience in the manufacturing and servicing of their product lines. NAF Inc. distributes equipment and services through a network of approximately 150 independent sales organizations worldwide.

Chemtrac, Inc. manufacturing operations and headquarters will remain at its current address with the current phone numbers:

Chemtrac, Inc.
